

Technical Bulletin

Model
911 C2/C4

Group
1

Subject: Underside Protective Plates and Heat Shield Mounting

Part Identifier
1080

Number
9018

ATTENTION: Service Manager/Service Technician

Models Affected: *911 Carrera 2 and 911 Carrera 4*

Concern: Underside protective plates and/or exhaust system heat shield mounting bolts frozen.

Service Information: The mounting bolts can seize and make removal difficult when removing protective plates and heat shields. Once the mounting bolts are removed, a coat of Optimoly HT, Part Number 000 043 004 00 should be applied to the bolt or nut threads to avoid seizing and ease future removal.

Caution: Part numbers given in this bulletin are for reference only. Always check with your Parts Department for the latest parts information.
